Heads up Ken. I overheard we sent Mark to NM because of the Gold King Mine spill in Colorado. Don't know if he will be available.

Sincerely,

Good morning everyone -

Are you available today to discuss the briefing scheduled for Thursday. You can call in, If you are working at an alternate location today and/or tomorrow. We need to come up with an agenda

or a power point presentation. Brenda/I-Jung, I'm sure the discussion will center around the issuance of notice letters at the time of proposal. Brenda can you put together a power point? I-Jung, Kelvin and myself will provide you with enforcement bullets. Val/Mark, will you provide Removal & Remedial bullets? Let me know your availability for today and I'll locate a room. Also, let me know your availability for Wednesday and I will schedule the pre-briefing with Mark Peycke, John Meyers, Susan Webster, Lydia Johnson and Ben Banipal. Thanks
